

authorize agencies to disclose information about debtors in order to effect salary or administrative offsets. Agencies must publish routine uses pursuant to subsection (b)(3) of the Privacy Act for those systems of records from which they intend to disclose this information. Sections 5 and 10 of the Debt Collection Act will comprise the necessary authority to meet the Privacy Act's 'compatibility' condition. The systems of records described above contain an appropriate routine use disclosure between the agencies of the information proposed in the match. The routine use provisions are compatible with the purpose for which the information was collected.

E. Description of computer matching program: The GSA, as the source agency, will provide DMDC with a disk which contains the names of delinquent debtors in programs the GSA administers. Upon receipt of the disk file of debtor accounts, DMDC will perform a computer match using all nine digits of the SSN of the GSA file against a DMDC computer database. The DMDC database, established under an interagency agreement between DOD, OPM, OMB, and the Department of the Treasury, consists of employment records of Federal employees and military members, active, and retired. Matching records ('hits'), based on the SSN, will produce the member's name, service or agency, category of employee, and current work or home address. The hits or matches will be furnished to the GSA. The GSA is responsible for verifying and determining that the data on the DMDC reply disk file are consistent with the GSA source file and for resolving any discrepancies or inconsistencies on an individual basis. The GSA will also be responsible for making final determinations as to positive identification, amount of indebtedness and recovery efforts as a result of the match.

The disk provided by GSA will contain data elements of the debtor's name, Social Security Number, debtor status and debt balance, internal account numbers and the total amount owed on approximately 1,870 delinquent debtors.

The DMDC computer database file contains approximately 10 million records of active duty and retired military members, including the Reserve and Guard, and the OPM government wide Federal civilian records of current and retired Federal employees.

F. Inclusive dates of the matching program: This computer matching program is subject to review by the Office of Management and Budget and

Congress. If no objections are raised by either, and the mandatory 30 day public notice period for comment has expired for this **Federal Register** notice with no significant adverse public comments in receipt resulting in a contrary determination, then this computer matching program becomes effective and the respective agencies may begin the exchange of data 30 days after the date of this published notice at a mutually agreeable time and will be repeated semi-annually. Under no circumstances shall the matching program be implemented before the 30 day public notice period for comment has elapsed as this time period cannot be waived. By agreement between GSA and DMDC, the matching program will be in effect and continue for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other by written request to terminate or modify the agreement.

G. Address for receipt of public comments or inquiries: Director, Defense Privacy Office, Crystal Mall 4, Room 920, 1941 Jefferson Davis Highway, Arlington, VA 22202-4502. Telephone (703) 607-2943.

PURPOSE(S):

The purpose of the system of records is to provide a single central facility within the Department of Defense to assess manpower trends, support personnel functions, to perform longitudinal statistical analyses, identify current and former DOD civilian and military personnel for purposes of detecting fraud and abuse of pay and benefit programs, to register current and former DoD civilian and military personnel and their authorized dependents for purposes of obtaining medical examination, treatment or other benefits to which they are qualified, and to collect debts owed to the United States Government and state and local governments.

All records in this record system are subject to use in authorized computer matching programs within the Department of Defense and with other Federal agencies or non-Federal agencies as regulated by the Privacy Act of 1974, as amended, (5 U.S.C. 552a).

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, these records or information contained therein may specifically be disclosed outside the

DoD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

To the Department of Veteran Affairs (DVA) to provide military personnel and pay data for present and former military personnel for the purpose of evaluating use of veterans benefits, validating benefit eligibility and maintaining the health and well being of veterans.

To the Department of Veteran Affairs (DVA) to provide identifying military personnel data to the DVA and its contractor, the Prudential Insurance Company, for the purpose of notifying members of the Individual Ready Reserve (IRR) of their right to apply for Veteran's Group Life Insurance coverage.

To the Department of Veterans Affairs (DVA) to register eligible veterans and their dependents for DVA programs.

To the Department of Veterans Affairs (DVA) to conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a), for the purpose of:

1. Providing full identification of active duty military personnel, including full-time National Guard/ Reserve support personnel, for use in the administration of DVA's Compensation and Pension benefit program (38 U.S.C. 3104(c), 3006-3008). The information is used to determine continued eligibility for DVA disability compensation to recipients who have returned to active duty so that benefits can be adjusted or terminated as required and steps taken by DVA to collect any resulting over payment.

2. Providing military personnel and financial data to the Veterans Benefits Administration, DVA for the purpose of determining initial eligibility and any changes in eligibility status to insure proper payment of benefits for GI Bill education and training benefits by the DVA under the Montgomery GI Bill (Title 10 U.S.C., Chapter 106—Selected Reserve and Title 38 U.S.C., Chapter 30—Active Duty). The administrative responsibilities designated to both agencies by the law require that data be exchanged in administering the programs.

3. Providing identification of reserve duty, including full-time support National Guard/Reserve military personnel, to the DVA, for the purpose of deducting reserve time served from any DVA disability compensation paid or waiver of VA benefit. The law (10 U.S.C. 684) prohibits receipt of reserve pay and DVA compensation for the same time period, however, it does permit waiver of DVA compensation to draw reserve pay.

4. Providing identification of former active duty military personnel who

received separation payments to the DVA for the purpose of deducting such repayment from any DVA disability compensation paid. The law (38 U.S.C. 3104(c)) requires recoupment of severance payments before DVA disability compensation can be paid.

5. Providing identification of former military personnel and survivor's financial benefit data to DVA for the purpose of identifying military retired pay and survivor benefit payments for use in the administration of the DVA's Compensation and Pension program (38 U.S.C. 3104(c), 3006-3008). The information is to be used to process all DVA award actions more efficiently, reduce subsequent overpayment collection actions, and minimize erroneous payments.

To the Office of Personnel Management (OPM) consisting of personnel/employment/financial data for the purpose of carrying out OPM's management functions. Records disclosed concern pay, benefits, retirement deductions and any other information necessary for those management functions required by law (Pub. L. 83-598, 84-356, 86-724, 94-455 and 5 U.S.C. 1302, 2951, 3301, 3372, 4118, 8347).

To the Office of Personnel Management (OPM) to conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a) for the purpose of:

1. Exchanging personnel and financial information on certain military retirees, who are also civilian employees of the Federal government, for the purpose of identifying those individuals subject to a limitation on the amount of military retired pay they can receive under the Dual Compensation Act (5 U.S.C. 5532), and to permit adjustments of military retired pay by the Defense Finance and Accounting Service and to take steps to recoup excess of that permitted under the dual compensation and pay cap restrictions.

2. Exchanging personnel and financial data on civil service annuitants (including disability annuitants under age 60) who are reemployed by DOD to insure that annuities of DOD reemployed annuitants are terminated where applicable, and salaries are correctly offset where applicable as required by law (5 U.S.C. 8331, 8344, 8401 and 8468).

3. Exchanging personnel and financial data to identify individuals who are improperly receiving military retired pay and credit for military service in their civil service annuities, or annuities based on the 'guaranteed minimum' disability formula. The match will identify and/or prevent erroneous

payments under the Civil Service Retirement Act (CSRA) 5 U.S.C. 8331 and the Federal Employees' Retirement System Act (FERSA) 5 U.S.C. 8411. DOD's legal authority for monitoring retired pay is 10 U.S.C. 1401.

4. Exchanging civil service and Reserve military personnel data to identify those individuals of the Reserve forces who are employed by the Federal government in a civilian position. The purpose of the match is to identify those particular individuals occupying critical positions as civilians and cannot be released for extended active duty in the event of mobilization. Employing Federal agencies are informed of the reserve status of those affected personnel so that a choice of terminating the position or the reserve assignment can be made by the individual concerned. The authority for conducting the computer match is contained in E.O. 11190, Providing for the Screening of the Ready Reserve of the Armed Services.

To the Internal Revenue Service (IRS) for the purpose of obtaining home addresses to contact Reserve component members for mobilization purposes and for tax administration. For the purpose of conducting aggregate statistical analyses on the impact of DOD personnel of actual changes in the tax laws and to conduct aggregate statistical analyses to lifestream earnings of current and former military personnel to be used in studying the comparability of civilian and military pay benefits. To aid in administration of Federal Income Tax laws and regulations, to identify non-compliance and delinquent filers.

To the Department of Health and Human Services (DHHS):

1. To the Office of the Inspector General, DHHS, for the purpose of identification and investigation of DOD employees and military members who may be improperly receiving funds under the Aid to Families of Dependent Children Program.

2. To the Office of Child Support Enforcement, DHHS, pursuant to 42 U.S.C. 653 and Pub. L. 94-505, to assist state child support offices in locating absent parents in order to establish and/or enforce child support obligations.

3. To the Health Care Financing Administration (HCFA), DHHS for the purpose of monitoring HCFA reimbursement to civilian hospitals for Medicare patient treatment. The data will ensure no Department of Defense physicians, interns or residents are counted for HCFA reimbursement to hospitals.

4. To the Social Security Administration (SSA), Office of Research and Statistics, DHHS for the

purpose of conducting statistical analyses of impact of military service and use of GI Bill benefits on long term earnings.

5. To the Bureau of Supplemental Security Income, SSA, DHHS to conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a), for the purpose of verifying information provided to the SSA by applicants and recipients who are retired military members or their survivors for Supplemental Security Income (SSI) benefits. By law (42 U.S.C. 1383) the SSA is required to verify eligibility factors and other relevant information provided by the SSI applicant from independent or collateral sources and obtain additional information as necessary before making SSI determinations of eligibility, payment amounts or adjustments thereto.

6. To the Center for Disease Control, DHHS, for the purpose of conducting studies concerned with the health and well being of the active duty and veteran population.

To the Selective Service System (SSS) for the purpose of facilitating compliance of members and former members of the Armed Forces, both active and reserve, with the provisions of the Selective Service registration regulations (50 U.S.C. App. 451 and E.O. 11623).

To DOD Civilian Contractors for the purpose of performing research on manpower problems for statistical analyses.

To the Department of Labor (DOL) to reconcile the accuracy of unemployment compensation payments made to former DOD civilian employees and military members by the states. To the Department of Labor to survey military separations to determine the effectiveness of programs assisting veterans to obtain employment.

To the U.S. Coast Guard (USCG) of the Department of Transportation (DOT) to conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a), for the purpose of exchanging personnel and financial information on certain retired USCG military members, who are also civilian employees of the Federal government, for the purpose of identifying those individuals subject to a limitation on the amount of military pay they can receive under the Dual Compensation Act (5 U.S.C. 5532), and to permit adjustments of military retired pay by the U.S. Coast Guard and to take steps to recoup excess of that permitted under the dual compensation and pay cap restrictions.

To the Department of Housing and Urban Development (HUD) to provide data contained in this record system that includes the name, Social Security Number, salary and retirement pay for the purpose of verifying continuing eligibility in HUD's assisted housing programs maintained by the Public Housing Authorities (PHAs) and subsidized multi-family project owners or management agents. Data furnished will be reviewed by HUD or the PHAs with the technical assistance from the HUD Office of the Inspector General (OIG) to determine whether the income reported by tenants to the PHA or subsidized multi-family project owner or management agent is correct and complies with HUD and PHA requirements.

To Federal and Quasi-Federal agencies, territorial, state, and local governments to support personnel functions requiring data on prior military service credit for their employees or for job applications. To determine continued eligibility and help eliminate fraud and abuse in benefit programs and to collect debts and over payments owed to these programs. To assist in the return of unclaimed property or assets escheated to states of civilian employees and military member and to provide members and former members with information and assistance regarding various benefit entitlements, such as state bonuses for veterans, etc. Information released includes name, Social Security Number, and military or civilian address of individuals. To detect fraud, waste and abuse pursuant to the authority contained in the Inspector General Act of 1978, as amended (Pub. L. 95-452) for the purpose of determining eligibility for, and/or continued compliance with, any Federal benefit program requirements. To private consumer reporting agencies to comply with the requirements to update security clearance investigations of DOD personnel.

To financial depository institutions to assist in locating individuals with dormant accounts in danger of reverting to state ownership by escheatment for accounts of DOD civilian employees and military members.

To any Federal, state or local agency to conduct authorized computer matching programs regulated by the

Privacy Act of 1974, as amended, (5 U.S.C. 552a) for the purposes of identifying and locating delinquent debtors for collection of a claim owed the Department of Defense or the United States Government under the Debt Collection Act of 1982 (Pub. L. 97-365).

To the United States Postal Service to conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a), for the purposes of:

1. Exchanging civil service and Reserve military personnel data to identify those individuals of the Reserve forces who are employed by the Federal government in a civilian position. The purpose of the match is to identify those particular individuals occupying critical positions as civilians and who cannot be released for extended active duty in the event of mobilization.
